Crash Near Frankfort Fatal To Murray Cook, 48

Murray Cook, Jr., 48, of 217 Maple st., Frankfort, was killed Sunday afternoon in a head-on collision involving his automobile and one driven by Mrs. Ora Gurgone, 46, of 10812 S. Lombard, Chicago Ridge.

The accident took place on U.S. 30 on a curve about a mile west of the U.S. 30-45 intersection at Frankfort.

Mrs. Gurgone and her husband, Louis, 58, were hospitalized at Silver Cross in Joliet. Two children, their daughter, Linda Gurgone, 8, and a neighbor girl, Peggy Crosby, 9, were treated at the hospital and released.

Cook, who was a foreman in the employ of the Goss Printing Press Co. at Chicago, was traveling east at

the time of the collision. He had been in Mokena. The Gurgone car was westbound.

Mr. Cook was born at Pittsburg, Pa. He had been a resident of Frankfort for the past four years and prior to that had resided at Mokena for five years.

Besides his wife, Irene, he is survived by two daughters, Nancy and Sandra, one son, Robert his mother, Mrs. Eva Cook, of Mokena, and three sisters, Eva, Mrs. Charles Thomas, also of Mokena; Mildred, Mrs. Myron Hart, of Miami, Fla., and Helen, Mrs. Charles Pavnick, of St. Paul, Minn.

Removal was to the Baskerville chapel, Roberts rd. and Lincoln highway, New Lenox, where services were

conducted at 2 o'clock yesterday (Wednesday) afternoon with the Rev. Cecil Koop, O.F.M., pastor of St. Mary Church, Mokena, officiating. Interment was in Mokena.

The traffic toll for the Christmas week-end was the highest ever recorded for a holiday period in the nation, according to the National Safety Council. More than 700 persons were killed.

Authorities urge motorists to use greater care this week-end.

There was bad weather last Friday and Saturday but usually when the weather is bad drivers exercise greater care, it was pointed out, but apparently this was not the case last week-end.

Mr. Cook was the 72nd traffic victim of the year in Will county.

Frankfort Boy Hit After Getting Off Lincoln-Way Bus

A Frankfort youth, a freshman at Lincoln - Way high school, is in Silver Cross hospital with a broken leg and shoulder injuries as a result of having been struck by a car after he had alighted from a school bus on Wednesday evening of last week.

The accident victim is Stephen Thompson, 14, of 318 Willow Lane in Lincoln Meadows. He was on the bus that brings athletes home and got off about 6:25 o'clock. The bus was west bound and had pulled off so it was standing in Locust st., north of U.S. 30, according to Frankfort Police Chief Ted Massey.

After getting off the bus the youth started to cross U.S. 30 and is alleged to have

stepped in front of a westbound car driven by Mannie Bentkover, 45, of Park Forest. Bentkover was on his way to Joliet to pick up a son who was coming home from college for the holidays.

The motorist was shaken by the accident and was also treated at the hospital. There were no tickets issued.

Chief Massey urged motorists to use care in nearing school busses that are halted off but near the road they are traveling. He also reminded students and other pedestrians to use care in crossing streets.

When a school bus is halted on a street or highway other traffic on the same thoroughfare must also stop.

Knights Drop Close One To Viking Five

BY TOM SCARTH

What looked as tho a continuation of the Lincoln-Way winning streak turned into a disappointing defeat a week ago Wednesday (Dec. 22) at the hands of Homewood-Flossmoore 56-54.

In the first period neither team could start a decisive rally and scoring was minimized. The period ended with the H-F quintet ahead 13 to 11. In the second period the Knights were able to outscore the Vikings 16 to 12 and take a midway lead

First Baby Of 1966 Can Win Prizes

The annual "first baby" contest for the area included in Green Garden, Frankfort, New Lenox and Orland townships, is to be staged again this year with the winner receiving numerous prizes donated by various business houses.

The winner, of course, will be the first child born Jan. 1, or after, to parents residing in the four townships since Nov. 1, 1965.

The child can be born at home or at a hospital. The parents, doctor, or some member of the family must telephone the Graphic Newspaper office at Mokena, 479-4151 or 479-3521 before noon of Jan. 7, giving the names of the parents and the time and place of birth. In the event of a multiple birth the first child is the winner.

of 27 to 25.

In the third period the Knights jumped to a nine point lead, but a never say die Homewood club battled thru the remainder of the third period and cut the lead to five points entering the final stanza.

Again the Knights jumped to a substantial lead of 10 points, but the Vikings were able to put a muzzle on the Knights offense in the final period and eventually take the lead 51 to 50 with three minutes left in the game. The Knights leading scorer, Karl Warning, with 15 points, put the Knights ahead for the last time with a bucket from the side. But Mike Lockhart, the game's top scorer with 18, retaliated with a basket. Three charity shots by H-F's Steve Niems and a last second basket by Karl Warning ended the scoring and the game with the Vikings on top 56 to 54.

The Knights controlled the boards with 32 rebounds while H-F captured 26. Seitzinger snagged 12 of the 32 for the Knights. Neither team sparked from the field both shooting only 36%.

The Knights play host to Rich East Jan. 7, 1966 in a vital game. A win will put the Knights right back in the running for the conference title.

Sandburg Edges Mustangs 63-60 In Conference Tilt

BY DREW CORLEY

Carl Sandburg basketball team edged the Evergreen Park Mustangs in a Southwest Suburban conference tilt, 63 to 60.

The game was played the night of Dec. 21, and was a close contest from start to finish.

Led by Earl Scholtens who scored 26 points, the Mustangs gave the Eagles more trouble than was anticipated. Scholtens, a transfer stu-

dent from Calumet City, leads the conference in scoring and is a deadly shooter.

It was a determined Evergreen Park team and at the end of the first quarter the Eagles held only a one-point lead, 18 to 17.

The second frame saw both teams trading baskets with

no substantial gain by either. The Mustangs did manage to outscore Sandburg by the same count the Eagles had in the first quarter, 18 to 17 so the half ended with the score at 35-all.

In the third quarter the Eagles fell behind a little and the Mustangs gained a four-point lead, 49-45.

The final quarter was very exciting. The Eagles caught up with the Evergreens and as the minutes sped by the lead changed hands several times.

With the contest nearing the end and the Eagles leading 61-60 Rich Adeo stole the ball from the Mustangs and Sandburg went into a

stall. With only second left and Evergreen Park desperate Adeo was fouled. He calmly put in two free throws and that was the ball game, the Eagles winning 63 to 60.

Scorers for the Eagles were, Drew Corley, 24 pts., Marvin Blummern 16, Adeo, 11 and Van Bromon, 10.

4 L-W Teachers In Science Workshop

Four Lincoln-Way high school science teachers have been selected to participate in the state's curriculum study pilot program for junior high school science. Van Alwin, Richard Hutter, William Remien and Ron Garrelts are taking part in the twelve workshop session program.

The purpose of the program according to Ed Schwachtgen, state science consultant, are to

1. To accelerate the diffusion of dependable instructional practices and innovations among junior and senior high schools.

2. To support and facilitate the professional growth of school system personnel by in-service training keyed to curriculum development and the utilization of acceptable instructional practices.

3. To provide a curriculum guide that will meet the needs of our schools for increased articulation in our secondary schools.

4. To strengthen cooperative working relationships within individual school systems and between other school districts.

The workshop is divided into three sections, namely; biological science, earth science, and outer space science, and the physical sciences. Each of the three

subject divisions are under the direct leadership of a section leader who has the responsibility of leading teacher discussions and contributions to the program. Each subject section is further divided into workable committees that recommend topics for the curriculum guide.

Mr. Schwachtgen stated that the outcome of this pilot study will be the result of a diversified cooperative endeavor to improve a wide range of instructional practices incorporated into a curriculum study.

The new result should be a drive for excellence in teaching subject matter directed toward the development of better classroom in-

struction thru a more effectively organized course of study and guide suitable for the junior high school level. It is hoped that the teachers engaged in this project will have a satisfying experience with emphasis on the importance of curriculum modernization as a cooperative teacher enterprise. Serious consideration of newly evolved courses and practices now recommended for our schools, together with their revision and evaluation will do much to alleviate substandard instruction. When teachers of many districts volunteer to combine their efforts and succeed in the establishment of a sound well articulated course of study.

TWENTY-ONE Southwest Suburban League football All-Stars were honored Dec. 16 at an awards banquet in the Grand Ballroom of the Conrad Hilton hotel. They are, front row, left to right:

Rich Marcordes, Jerry Fiat, Michael Montana, Larry De Persia and Tom Narak, all of Reavis high school; Eugene Morgan, Oak Lawn high; James McGhee, Neil Foley, and Karl Pnasek, of Carl Sandburg high school.

Second row left to right: George Strickler, assistant sports editor of the Chicago Tribune; Bruce Hoffman, Kent

Silverthorn, and David Mayer, of Rich East; Randy Muersch, Evergreen Park high; Francis Ammon and Bill Boston, Rich East high; Steve Russell, Oak Lawn High School; D. G. Wilson of the Coca-Cola Bottling Company of Chicago, host of the banquet.

Third row left to right: Dean Carlson, Frank Cunningham, and Tom Randick, Evergreen Park high; Harv Hincker and Kenny Mintz, Rich East high school.

Each All-Star received a Golden Helmet award and a certificate of merit.

PAUL MYERS

Paul Myers has been appointed district superintendent, Joliet area, it was announced by Edward T. Willauer, division manager for Northern Illinois Gas Co. Myers will succeed Bart Juell, who has been assigned responsibilities in the new Mississippi River district of NI-Gas.

Myers was formerly manager division sales, Joliet, before assuming his new position of district superintendent. He has served in various management positions with NI-Gas in personnel and sales.

Myers resides with his wife, Betty, and their daughter, Paula, at 1102 Oregon ave., Joliet. He is a graduate of Joliet Township high school and junior college. He is an alumnus of Northwestern university.

Myers is active in the

BART JUELL

Joliet Region Chamber of Commerce, Will County Contractors Association, and serves as vice president and member of the executive board of the Society for Advancement of Management.

Bart Juell has served in various engineering and management positions with NI-Gas. He was district manager, Ottawa, before his transfer to Joliet ten years ago.

Juell is a member of the Joliet Rotary Club, Joliet Land Clearance Commission, Joliet Region Chamber of Commerce and serves as chairman of the board of directors for the Junior Achievement program. He is a retired colonel in the United States Army Reserve and is a director of the Illinois Department of the Reserve Officers Association.

OXO Enters Bull In Top Hereford Show

The registered horned Hereford herd of OXO Ranch, Mokena, has entered a two-year old bull of its breeding in the National Western Stock Show's Register of Merit Hereford show at Denver, Jan. 14-22.

The animal—OXO Bocaldo Rajah is his registered name—will be shown at the Denver competition by the Misses Linda and Marilyn Matasovic, daughters of Mr. and Mrs. Joseph L. Matasovic, owners of the OXO Ranch.

The two daughters have been working with and show-

ing cattle since 4-H days. As a matter of fact the operation of the OXO Ranch west of Mokena, off Francis rd., is a family affair just as is the Universal Welding Supply Co. Mr. Matasovic established at New Lenox.

This competition at Denver, in which 113 Hereford herds representing 20 states have entered approximately 650 head, is often termed the "World Series" of the Hereford breed. These breeders will be competing for \$17,500 in prize money and for the coveted Register of Merit points.

Charge Driver Was Drinking

James W. McReynolds, of 510 E. Washington st., was arrested by New Lenox police last Friday afternoon following a two-car accident in that village.

McReynolds, west bound on U. S. 30 was alleged to have crossed over the center line and sideswiped a car driven by Mrs. Effie A. Busbey, 248 Haines, ave., New Lenox.

According to the arresting officers, Robert Tepper and George Cochran, a drunkometer test taken by McReynolds at the Will county jail gave a reading of .19. Any reading above .14 indicates the subject is in no condition to drive a car, police state. McReynolds was locked up on a charge of driving while intoxicated but was later released on bond.

No one was reported injured.

Nora Gill, 70, Dies

Mrs. Nora T. Gill (nee Weir), 70, of 70th ave., Lincoln Estates, died Sunday, Dec. 26 at her home.

She was born Dec. 28, 1894 in Ireland. She had resided in this area for 30 years.

Mrs. Gill was a member of St. Anthony's church.

Survived by one daughter, Mrs. Paul Kluth of Lincoln Estates; one son, John Gill of Downers Grove; two sisters, Mrs. Thomas Killmartin and Mrs. John Killmartin, both of Chicago; one brother in Ireland; three grandchildren and two great-grandchildren.

Preceded in death by her husband, John, in 1948.

"The National Western has been the strongest Hereford show in the country for several years, and this year's indications are that it will be greater than ever," declared Willard Simms, general manager of the National Western. "In addition to the ROM judging 'On-The-Hill,' the bull show 'In-The-Yards,' and the other Hereford features will assist in making this the greatest extravaganza in beef cattle industry."

Judging of the Register of Hereford breeding show will be on Monday, Jan. 17 for bulls, and Wednesday, Jan. 19, for females.

Area Gets Off-White Xmas, Wind And Ice

Sleet, snow, wind and rain, in reverse order, was the weather's Christmas present for the area.

The rain began Thursday night and fell continuously thru Friday and Friday night until a mixture of hail and sleet merged into snow that gave the area an off-white Christmas.

The wind velocity increased as the day progressed and by Friday night it was blowing with gale proportion gusts that broke tree limbs and brought down power lines. The fact that the lines were coated with ice in some sections made the wind's task easier.

Yule decoration competitions in some area were broken up by the storm.

Fortunately for the area the precipitation Thursday night and up to midnight Friday was in the form of rain. It was reported that from four to six inches of rain fell in some localities. A tenth of an inch of precipitation is reckoned as an inch of snow so had the rain been snow the area would still be

struggling to emerge from the drifts that would have been its lot. There would have been from three to five feet of snow on the levels and this part of the country is not equipped to handle such snowfalls.

Streets and highways were left glazed so that travel was quite hazardous Christmas morning and there were still roads that were icy Monday and Tuesday.

Sections of New Lenox, Frankfort, Mokena, Peotone, Manhattan and the country between were without power Friday night -- some for hours. Some dairy farmers had to use tractors to operate their milking machines.

Kerosene lamps, lanterns and candles were in demand by many householders and some fretted because television sets were cut off. In the areas further east in Will county more trouble was encountered by the telephone company than by the power company.

Repair crews worked

Francis Rd. Overpass Is Open For Traffic

Francis road, which has been closed many months for construction of an overpass over the proposed route of I-80, is open to traffic again. A nice Christmas present for area residents who use this route.

Robert Madden, a member of the Thomas Madden Construction company, said on Dec. 9 that the road would

be ready for use the day before Christmas. Hemissed by half a day. The road was opened a few minutes before noon last Thursday.

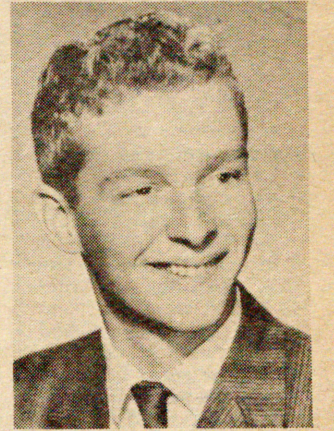

Opening the road will save many miles for some school buses and individual motorists who have had to make detours.

Many persons from east of Tinley Park and Mokena residents take Francis road to Gougar and then turn left to gain entry to U.S. 30. By doing that they miss miles of travel on narrow, heavily traveled, U.S. 30.

The section of paving that was once a part of the old routing for the Lincoln highway and angled off from the present road, has been removed and a shoulder built.

thruout Friday night and many of them toiled the greater part of Christmas day to restore service for the customers.

Orland Park was blacked out by the storm and many of the south suburban towns suffered water and wind damage.

JOHN BURROUGHS, son of Mr. and Mrs. Robert Burroughs of 165 W. Francis rd., New Lenox, was recently elected president of the Phi Delta Chi Pharmaceutical fraternity at the St. Louis college of pharmacy. The college offers a five year course leading to a bachelor of science in pharmacy degree. John is in his fourth year at the college and will graduate in June, 1967. He graduated from Lincoln-Way high school in 1962.

State Removes Hazard on '30'

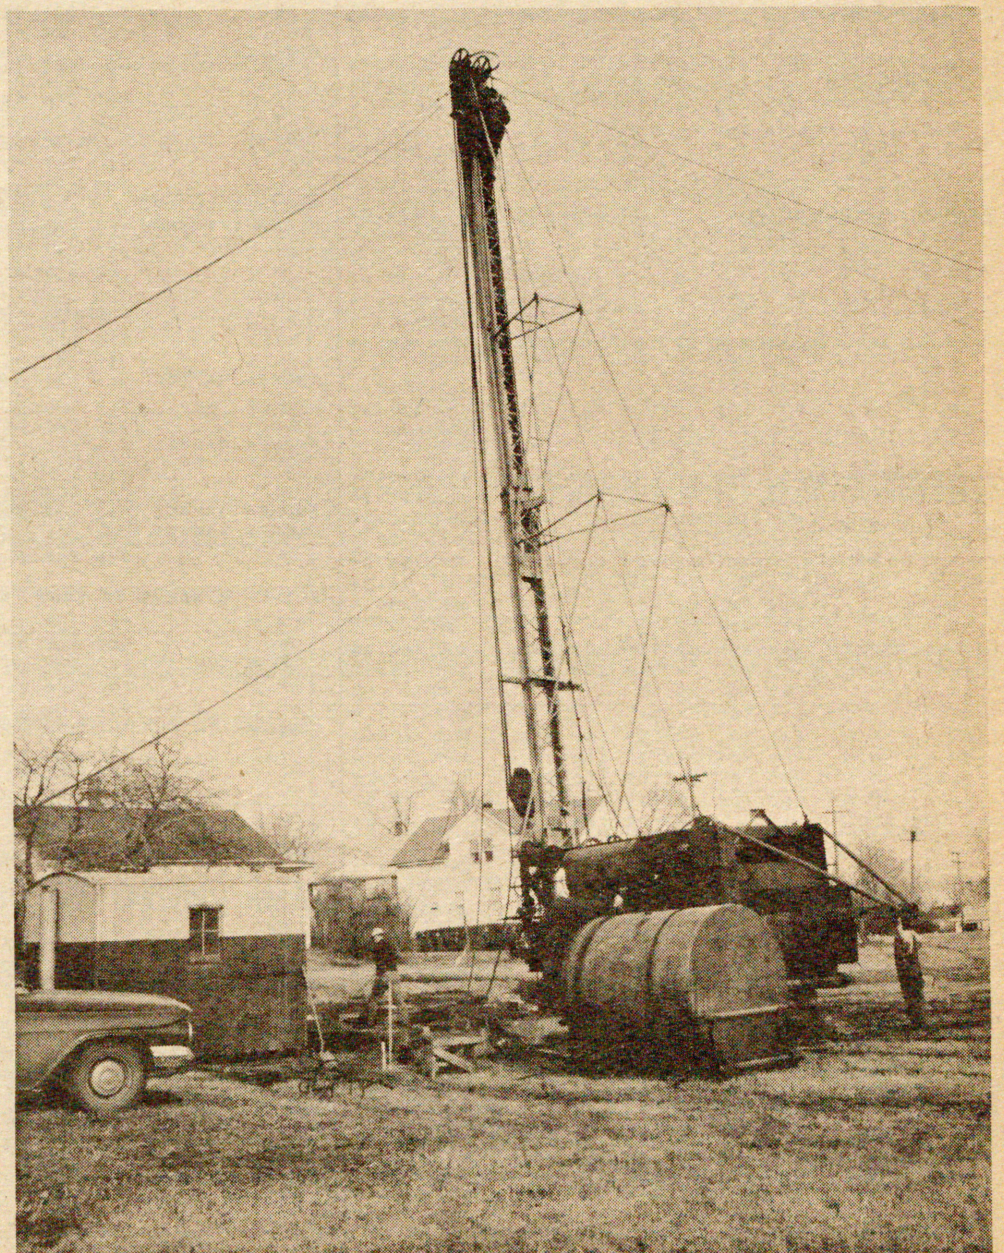

The state highway department has removed a long standing hazard on U.S. 30 on the curve about a mile west of the junction with U.S. 45 in Frankfort.

The section of paving that was once a part of the old routing for the Lincoln highway and angled off from the present road, has been removed and a shoulder built.

The former condition, which had existed for years, was confusing to driver and there had been several fatal accidents on this curve.

ENTERED IN National Hereford show at Denver is this fine specimen of the breed from the OXO Ranch operated by John L. Matasovic of Mokena. The animal, a two-year old bull is OXO Bocaldo Rajah. The man is Leonard Renken, the OXO herdsman.

START WORK on new village well at Mokena, on Bonness st. The Wehling Well firm of Beecher has the contract. The contract was let by the village board Dec. 18 and the drilling rig was in place Dec. 22.

fixing the correct amount
of any tax paid under pro-
test, as provided by law.

Dec. 30, 1965
NOTICE IS hereby given that the
said Collector of Cook County will
apply to the County Court of Cook
County on the 10th day of January,
A.D., 1966, for judgment against lands
and lots hereinafter described as
being delinquent upon which taxes
remain due and unpaid, or personal
property taxes charged thereon, as
noted in this advertisement, remain
due and unpaid, for said taxes, in-
terest and costs and for an order to
sell said lands and lots for the satis-
faction thereof according to law (ex-
cepting from said judgment and
order of sale the cases which are
included in this advertisement for

sale only under former unexecuted
judgments and orders for sale as may
be noted in this advertisement.)
Notice is also given that an appli-
cation will be made for judgment
fixing the correct amount of any
tax paid under protest.
Notice is further herein and here-
by given that on the second Monday
next succeeding the 10th day of Jan.,
A.D., 1966, the 24th day
of Jan., A.D., 1966, at the hour of
8 o'clock A.M. all said lands and lots
hereinbefore described for sale of which
an order shall be made, or has been
made and not executed as noted, will
be exposed to public sale at the County
Building of Cook County where the
seat of County government is located in
said County, for the amount of taxes, in-
terest and costs due thereon respectively.
The following is a list of delinquent
lands and lots upon which the taxes
remain due and unpaid, the name of
the owners, where known, the total
amount due thereon (excluding delin-
quent special assessments separately ad-
vertised) and the year or years for
which the same is due.

(The total amount due in this ap-
plication on each tract or parcel of
land or lots is the sum of the amounts
appearing due in this advertisement.)
EXPLANATORY NOTE — In this
list in all places where no other nota-
tion is made the figures in the column
headed "S" (meaning dollars) and the
"cts" (meaning cents) represent the
taxes due and unpaid for the year
A.D., 1964. Where the letter "F" is
placed to the left of the figures in this
column it is intended for an abbrevia-
tion of the word "forfeiture," and de-
notes that the amounts set down to the
right of the same are the amounts due
and unpaid on said lands and lots for
which said lands and lots have been
previously forfeited to the State. When
back taxes are extended they are in-
dicated by the letters "B. T."

Payment of taxes made after print-
er's copies are sent to publishers for
listing, and appeal as delinquent in
this advertisement, will be satisfied in
judgment records before sale.
In lieu of legal description used
heretofore each parcel of land or lot
is designated by a permanent real es-
tate index number.

In the permanent real estate index
number system the area is designated
by the number appearing in the column
headed "A," the sub-area by the num-
ber in the column headed "SA," the
block by the number appearing in the
column headed "BLK," and the particu-
lar parcel by the number in the column
headed "PCL."

Comparison of the permanent real
estate index number with the legal
description of any parcel may be made
by referring to the cross indices main-
tained in various County offices.

ILLINOIS LAW OF CHECKS

Carol Stevens wrote an \$8 check, payable to "Cash," and used it to pay for some groceries. When the bank returned the check with the monthly bank statement, Carol was shocked to find that someone had altered the \$8 check to \$80.

Her husband, John, immediately called the bank. A quick investigation showed that the bank had indeed cashed the check for \$80. Someone had altered the check before it was presented to the bank for payment.

Several days later, John discovered that another check returned by the bank was a complete forgery. An imposter had drawn a check for \$100 on John's bank, signing John's name to it. Checking with the bank, he learned that the full amount had been paid from his account.

The bank is the loser. Under Illinois law, the bank cannot charge the Stevens for money it paid by reason of fraud.

In the case of the \$100 forgery, the law requires the bank to know the signatures of its own depositors, even against the most clever forgeries. Since John was the depositor, the bank wrong-

fully paid the check.

Carol is also protected under Illinois law. In the incident concerning her \$8 check, which was raised to \$80, the law provides that the bank must pay checks drawn on it according to the original "tenor" of the instrument -- in other words, the amount for which the check was originally drawn.

If the bank can show that Carol's negligence led to the alteration, she must stand the loss. Otherwise, the bank can only charge the Stevens account for \$8 -- the amount of the check originally intended by the depositor.

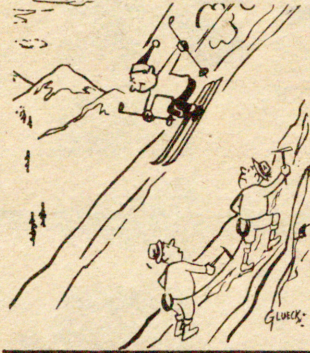

However, the Stevens have a duty to examine their bank statements and cancelled checks within a reasonable time after they are returned to them. Failure to do so could prevent them from recovering their loss from the bank -- if the bank proves that it suffered the loss due to the Stevens' failure to notify it within a reasonable time.

Where there is more than one forgery by the same wrongdoer, the customer must notify the bank within 14 days after the first forged check and statement are available to him. Otherwise, the Stevens have within one year to notify the bank unless negligence on their part can be proved.

("The Law Serves You" is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.)

New Illinois Farm Record Book Ready

The new Illinois Farm Record Book is now available at the University of Illinois Cooperative Extension Office at 100 Manhattan Road, Joliet, reports Will County Farm Adviser A. A. Wicklein.

The book was field tested this year by 16 Will county farmers and is ready for general use throughout the county and state in 1966. It will replace the Illinois Farm Record Book that has been in service since 1947.

A major purpose of the new book designed by University of Illinois extension agricultural economists, is to help Illinois farmers discriminate between profitable and unprofitable operations. Wicklein says it also provides space for the permanent records necessary for tax purposes.

The new record book will be issued in two parts that provide space for all records necessary for a farm operator. Summaries of receipts, expenditures, inventories and depreciation

Rep. John N. ERLENBORN Reports FROM CONGRESS

This will be the first of three and perhaps four articles about my recent trip to South America. The trip was made by a special subcommittee of the house committee on government operations, of which I am a member.

Five of us congressmen went to gain first-hand knowledge about the current status of the Alliance for Progress and, more particularly, about the use of surplus government property. The American effort in the Alliance is channeled thru the Agency for International Development (AID), an agency under the state department.

The others in the party went first to Caracas, Venezuela. Because of a prior commitment, however, I was compelled to miss that stop, and to join the subcommittee at about 9 p.m. Tuesday, Nov. 9, in Bogota, Colombia.

I was met at the Bogota airport by an embassy official and armed security guards. Thus, early in my visit, I was given evidence of the strong anti-American feelings in South America. It was, however, the only time when protection was

deemed necessary.

Our first meeting Wednesday morning was intended to inform us about the political and economic background of Colombia and the current status of the Alliance. It was conducted by local AID officials.

We made only a short study in Bogota before we flew to Cartagena, the principal seaport of Colombia and one of the oldest seaports in South America. Bogota is high in the mountains and, therefore, enjoys a cool, clear climate. Cartagena, on the other hand, is a tropical city on the Caribbean Sea. In the early days of Spanish occupation, millions of dollars worth of loot funneled thru here -- gold, silver and jewels. It has a magnificent natural harbor and is a busy

Derwinski Returns From African Trip

Representative Edward J. Derwinski returned from his Foreign Affairs Committee study mission in Africa after visiting eight countries on that continent in a whirlwind two-week tour.

"With the very special and frustrating problems facing the many new African nations," Derwinski said, "it was necessary for members of the Foreign Affairs Committee to make a practical review of conditions there so as to determine the direction which American foreign policy, AID programs, and related activities should take."

"Our committee was especially interested in the opportunity to meet the African heads of state in order to size them up as individuals and listen to them expound on their philosophies of government and the plans they had for their countries."

"It is also necessary for schedules for the landlord may be kept in the book to complete a farm summary for comparing your farm with other farms."

University of Illinois Farm Management Specialist Robert Schwartz will hold a training school on January 19 for all purchasers of the new book.

seaport to this day. Many of the refinements of civilization have passed it by, however, and we battled cockroaches thruout our stay there.

We devoted Thursday to a tour of the harbor and naval installations, then returned Friday to Bogota.

We arrived in Lima, Peru, Saturday and got our first reminder of the people who had made this land great when we landed at the airport. A large billboard urged us to drink Inca Cola, for this was the land of the fabled Incas.

While in Lima, we visited one of the infamous shack towns which surround almost all large cities in South America. Peruvians call them "barriadas." The primitive dwellings in which these people live are often made only of poles and grass mats. This is possible because of the Lima climate. It never rains. The signs are there, however, that the people are industrious and hopeful. Little by little, they acquire bricks and wood, and build themselves more substantial homes. They are primitive, but they are better than grass.

Primitive tho these houses may be, they mark a long step upward for these people. As a matter of fact, most of them regard the grass huts as better places to live than what they left in the country to come to Lima.

Almost 200,000 people live in the barriadas near Lima and they have improved their lot in life in the only way open to them.

They have become a part of an organized community, have elected their own officials, and, thru the help of begun to get water and sewer facilities.

I left the barriadas with a new concept. What had appeared to be the worst of slums became, instead, a sign of hope for people who have had even less in the past.

Before it was decided I would go on this trip, a wellwisher who had traveled abroad urged me to go if at all possible. "You will learn things you can learn no other way," he said. "You will see things which, until seen, you would not even imagine."

At the Lima barriadas, I knew he was right.

gear. With an automatic shift use "Drive."

Remember, ice and snow make steering touchy. Get the feel of the road and avoid abrupt changes in speed and direction. Don't lock your brakes. Pump them rapidly. Remember, you can't control the direction of a sliding wheel!

Skidding on ice or snow can be prevented if you anticipate your turns and stops. Slow down before turning and you can maintain steering control.

Should your car go into a skid, you can bring it out by steering in the direction

of the skid.

Remember, in winter driving temperature changes braking distance! Wet ice at thirty degrees above zero gives you only half the traction of ice at ten degrees above. The only safe rule is to approach slippery curves and intersections with caution.

Under severe winter conditions, snow tires or chains increase traction on packed snow. On ice, tire chains provide the best traction and stopping ability.

Here are some traction facts you can use for that winter cruise in your car. Regular tire chains on ice will increase your traction as much as 225 percent and 400 percent with reinforced tire chains, compared to ordinary tires. Don't forget that studded tires are illegal in Illinois.

Local Artists Display Talent

Telephone: 479-9439
Paintings by local artists were on display and described by Mrs. Berle Needham, chairman of the art department, when members of the Mokena Woman's Club met recently in the home of Mrs. Robert Best, Arby Hills. Artists whose paintings were shown included: Mrs. Roy Richardson, Mrs. Norval Robinson, Mrs. Leo Marcoux, Mrs. Paul Smith and Miss Sandy McGann.

Mrs. Richardson, who is a student of Mrs. Marcoux, a professional artist, attended as a special guest and told of the various aspects in her course of study.

Also on display was a ceramic covered dish made and painted by Mrs. Smith and a large poodle dog, drawn, painted and designed by Miss McGann on a piece of plywood which is to be used as a ring toss game. Three wooden hoops are to be tossed over three nails inserted in the body part of the plywood dog.

Mrs. Needham also showed a beautiful tiered "wedding basket" made of very light wood and shellacked a bright red which was sent to her from Tia Wan where her son Richard and family are stationed.

Reports were given by the various departments chairmen with Mrs. Robert Best, kindergarten chairman, stating the pupils of the Happy Hour Kindergarten had sent gifts to the American Indian

Center in Chicago. A report from Mrs. August Bueltmann, on the monthly visits to the Tinley Park State hospital, included two club members, Mrs. Robert Olson and Mrs. Walter Welsch are donating one day a week at the hospital as volunteer workers.

A collection was taken among the members for the Lincoln-Way Nurses scholarship fund in lieu of a gift exchange.

During a report from Mrs. Needham, chairman of the Ways and Means committee, it was suggested to hold a progressive dinner party with tickets selling at \$5.00 per couple. Following some discussion the date of Saturday, January 29 was set. Further details and arrangements to be announced at a later date. Proceeds from the dinner will be used to aid the operation of the club.

Miss Lurene Brown attended as a guest.

Following the meeting refreshments in keeping with the Christmas holiday was served by Mrs. Best, Mrs. Louise McGann and Mrs. William Sluis.

5-In Memoriam

CHMIELEWSKI, MARTIN - In Loving memory of my husband, our father and father-in-law and grandfather who passed away one year ago January 4TH 1965.

One year has passed since that sad day. The one we loved was called away. He wishes no one a last farewell or even said goodbye. He was gone before we knew it, and God only knows Why. His busy hands are resting. His work on earth is done. His worries are all over and heavenly crown is won.
The Loving Wife,
Son, Daughters, Son-in-laws,
and Grandsons.

Our past year has been extremely successful. We have to expand in 1966 and will need additional, full-time persons interested in associating with an ambitious real estate corporation. Earnings can exceed \$10,000 per year if you will apply yourself. We buy, sell, and trade all types of property. If you are not now licensed and sincerely believe you can sell, a training program will be starting. If you qualify after training and examination, you will be placed in our office.

Must have high school diploma or better, neat appearing and honest. For personal interview phone Mr. Davis, Realtor-Appraiser 727-4954 or 1-312-563-8731

Jan. 7, 1789—The first election for a President of the United States took place throughout the nation.

Jan. 10, 1901—The striking of oil in Beaumont, Texas, marked the start of the great Texas oil boom.

Jan. 11, 1913—Patrons of the National Automobile Show in New York were introduced to a new type of automobile, the "sedan," a luxury model with four doors.

Jan. 14, 1914—Henry Ford revolutionized the manufacture of automobiles by inaugurating his "assembly line," a new technique that permitted the assembly of a car while it was in continuous motion. In 1913, before the assembly line, Ford mechanics spent at least 12 1/2 hours putting a car together. Beginning with this date in 1914, complete assembly took only 93 minutes.

TWA Woman's Advisor To Highlight Annual Secretaries Seminar

The Rainbow Chapter of National Secretaries Association will present their annual seminar at the Center for continuing Education on the University of Chicago campus, 1307 E. 60th St., on Saturday, January 22, 1966, from 8:30 to 3:30.

Among the speakers will be Jack Staehle, of Aldens, Inc., who will speak on "Executive Development", a topic which he has lectured on all over the world. Also speaking will be Frank Polo of Polo Food Products, on the topic of quality control.

Mary Gordon, TWA, will present "A Secretary Packs for Travel."

Miss Gordon, TWAs wo-

man's travel advisor has a varied background, including extensive travel in Europe and Asia. She speaks French and what she describes as "Kitchen Arabic," the hit - and - miss language she used to communicate instructions to servants during her 2 years in Jerusalem.

A native of New York, Miss Gordon was associated with TWA in Jerusalem, Cairo, Beirut, Lebanon and Los Angeles before coming to Chicago.

Tickets are \$5.50, including lunch, and reservations may be obtained from Mildred Udovich, 1741 W. 55th St., Chicago or by phoning (312) GR6-7984.

WORTH TALKING ABOUT

"Industry cooperation is not made easier by the emotionalism with which the matter (air and water pollution) is now charged — an emotionalism we can expect to see intensified. Some writers, politicians, and even research people have found that strong words on pollution are a short route to attention. We must not permit the job ahead of us in air and water conservation—either its size or its complexity to become obscured by rash statements and fanciful notions. Clear water and clear air will only come about through clear thinking."

Frank N. Ikard,
President
American Petroleum Institute

"As this society complicates itself, the problems that bother people are going to be solved. If the industrial hierarchy — the people who have the power and the money and the influence—do not attempt to solve these problems, then they'll be solved by the government in default. And whatever the government decides that you will do to help solve them, you will have to live with."

Richard M. Nixon

"Easiest way to stay awake during an after dinner speech is to deliver it."

Jerome Hines To Sing At Nazarene College

Jerome Hines, the Metropolitan Opera's star bass, will appear in a concert at Olivet Nazarene college, Kankakee, on Jan. 14. Dr. Otis Sayes, local manager announced today. The concert will be held at 8 p.m. in Chalfant Hall on campus. Tickets are available at the public relations office.

Jerome Hines has won acclaim on four continents as one of the most extraordinary singers of our time. He

has sung the great bass roles from New York to Moscow's Bolshoi and from London and Milan's La Scala to Buenos Aires' Teatro Colon. This session he has appeared at the Metropolitan in several of his most famous parts including King Philip in "Don Carlo", Mephistopheles in "Faust", and the Don in "Don Giovanni."

He was born in Hollywood, Calif. The six - foot - six - inch singer as a youngster was torn between two loves—

Rock Is. Revamps System To Improve Shippers Service

A system - wide realignment of the Rock Island Railroad's operating divisions, effective Jan. 1, was announced today by G. W. Kelly, senior vice president-operations, in Chicago.

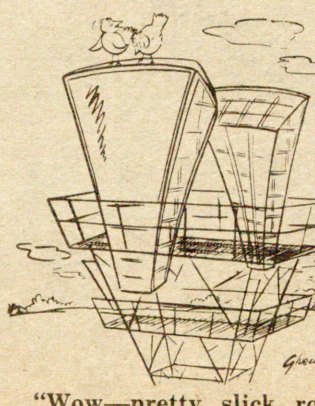

The change was made to provide more efficient and dependable transportation for the nation's shippers by applying advanced technology to present day train operations, Mr. Kelly said.

In the revamped profile of the railroad, the number of divisions will be reduced from six to five and will be designated as follows: the Illinois Division, Central Division, Des Moines Division, Missouri - Kansas Division, and the Southern Division. Headquarters cities for the divisions will be: Chicago, Des Moines (headquarters for both the Des Moines and Central Divisions), Kansas City, and El Reno, Oklahoma. The present Rock Island division will be a part of the newly created Central and Illinois Divisions; the Arkansas Division will be merged with the Southern Division; and the present Chicago division will be absorbed into the Illinois division.

"After intensive studies and an analysis of 'over the road' performance of freight trains, management concluded that it can better maintain the integrity of schedules, so important to shippers, by a refinement of its operating techniques," Mr. Kelly pointed out.

"Better dispatching, improved communications, mechanized track maintenance and computerized record keeping and car tracing are enabling us to turn the corner in our operations and make the Rock Island a more dependable carrier," Mr. Kelly emphasized.

Principal freight trains are now pre-blocked (cars going to the same destination are unitized) and time-consuming switching and terminal delays are eliminated, he said. "This enables the Rock Island to expedite scheduling and shave valu-

chemistry and music. His early-developing vocal talent made the decision for him and, by the time he graduated from U.C.L.A., he had already performed with the San Francisco Opera, with the Los Angeles Philharmonic and at the Hollywood Bowl, among many other appearances.

He has appeared in the Wagner leads at the Bayreuth Festival, has sung, "Boris" for the Russians in Russian at the Bolshoi, appeared in Handel's "Hercules" at La Scala in celebration of the composer's anniversary. Hines has performed often with every major American orchestra, and is as renowned as a concert singer as he is as an operatic one.

Despite the demands of his busy career, the basso still is interested in things scientific, in sports and carpentry, works actively for his church and for the underprivileged and enjoys nothing more than being with his family in their suburban New Jersey home.

Jaw Breaking Term Makes For Sore Jaw

Ninety-five per cent of the patients suffering from a disorder causing painful jaws while eating, chewing gum, or talking have been helped by a program being conducted by the University of Illinois College of Dentistry at the West Side Medical Center, Chicago.

The five-year study of temporomandibular joint dysfunction is supported by a United States Public Health Service grant for \$872,195. Cooperating in the project are specialists from many fields: orthodontics, prosthodontics, oral surgery, radiology, physiology, pathology, psychology, pharmacology and anatomy.

The majority of patients, mostly chronic sufferers who have known pain and discomfort for years, are referred by their dentist or physician. People can, however, come directly to the admitting clinic of the College of Dentistry, 808 South Wood Street, Chicago.

All patients undergo an extensive preliminary examination which includes special X-rays and various other diagnostic tests. They are then either treated at the clinic or specific recom-

mendations are made to their private dentist regarding therapy. Drugs, muscular exercises, and a plastic corrective device may be prescribed. Patient education and counseling are even recommended in some cases because nervous habits like clenching and grinding the teeth may be a cause of dysfunction and resulting pain.

Other causes of temporomandibular joint dysfunction include: arthritis, improper bite, injuries, and birth defects. Research on each cause has been carried on for many years by specialists working in their own fields. This is the first time, however, that the multidisciplinary approach has been applied to this problem in order to integrate individual research into a broad program involving the University of Illinois Colleges of Dentistry, Medicine, and Pharmacy, and the Research and Educational Hospitals.

FIRE CALL

Mokena firemen were called to home of Arthur Marshall, 194th st., last Thursday morning because of an overheated furnace. There was no damage reported.

A BRIGHT STAR suspended on a string of colored lights spans Kansas st. in front of the Frankfort village hall. This decoration was provided by the village board to add yule cheer to the business section.

mas party at their scout-
master's house. They drank
the much welcomed hot choc-
olate with their treats, and
warmed up while enjoying the
party.

The Cub Scouts of Pack
Number 10 did their Christ-
mas caroling from the com-
forts of a horse drawn hay
wagon throughout Arbury
Hills. They were treated to
hot chocolate and cup cakes
when they were finished.

The Junior Girl Scouts
also of Troop Number 103
went Christmas caroling in
Arbury Hills followed by
their Christmas party. The

girls were given an about
face, when they were given
gifts by their leaders as
they left the party. They had
strict instructions not to
open the gift until Christ-
mas day.

The Arbury Hills Baby
Sitters Cooperative will have
their secretary's book
change hands from Mrs.
Richard Mansell who has
been secretary for the month

of December to Mrs. Keith
Miller who will be secretary
for the month of January.
Any member needing a
baby sitter is asked to con-
tact Mrs. Miller at 479-5378
at least twenty-four hours in
advance of the date needed.
In addition any lady in Ar-
bury Hills who would want
to have further information
on the organization should
also contact Mrs. Miller for
the necessary answers.

Total Annual Dividends Paid Joliet Federal Savers During 1965

This is the total dividend for 1965. Savers earned \$2,259,418.83
during the first half of the year and \$2,301,898.58 as their second
semi-annual dividend payment.

Your share of this dividend is dependent upon the amount of your
savings here. Naturally, the more you save, the more you earn. This
is just one of the many good reasons for adding regularly to your
savings account.

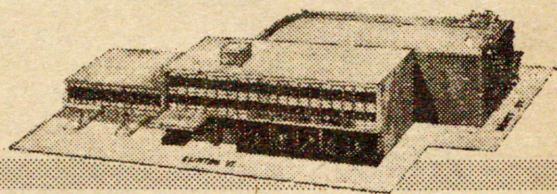

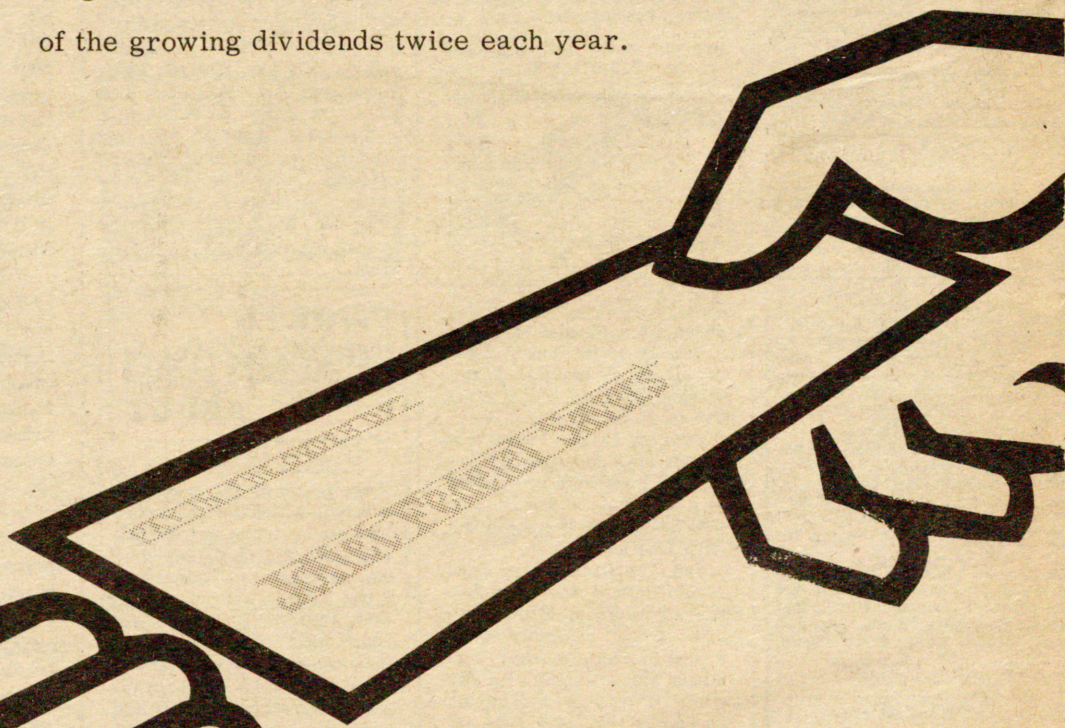

Another is the safety and security your money enjoys at Joliet
Federal.

As a member of the Federal Savings and Loan
Insurance Corporation ... with high reserves ...
and conservative business policies, you know
your money is safe here.

As the only Federally Chartered savings association in Will
County ... as an association who provides you with solid strength
and solidarity based on careful and measured judgment ... as an
association large enough to provide you with the many advantages
you want and the conveniences you enjoy, Joliet Federal urges you
to get into the saving habit here - and enjoy an ever larger share
of the growing dividends twice each year.

just like an extra paycheck

Coming as it does at the end of the year,
your dividends can prove exceptionally welcome
and useful for year-end bills, taxes and other
year-end expenses. Hopefully, however, you will
allow your earnings to remain in your savings
account to add extra dollars to your savings -
to make your money grow faster - so it will
earn more next June 30 at the first semi-annual
dividend time in 1966.
